The Department of Emergency Medicine at St. Joseph’s University Medical Center is an academic department, home to a Residency in Emergency Medicine and Fellowships in Neurology, Pain Management, and Mental Health and Addiction. In 2017 the department treated over 168,000 patients, including 41,000 in our 24-hour Pediatric Emergency Department. A member of St. Joseph’s Health, The Medical Center was founded in 1867 by the Sisters of Charity of Saint Elizabeth. The ED is home for innovations like the nation’s first Geriatric Emergency Dept, an ED phased Palliative Medicine program life-sustaining management and alternatives (LMSA), and the nationally renowned pain management program called alternatives to opioids (ALTO).
TARGET AUDIENCE
Emergency Physicians, Nurses, Residents, Paramedics, and Medical Students.

LEARNING OBJECTIVES:
Participants will be able to:
• Discuss caregiver well being
• Discuss the role of the Emergency Department in addressing firearm injury prevention
• Discuss new trends in Emergency Care
• Employ new trends in Emergency Care

St. Joseph’s Regional Medical Center is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.

St. Joseph’s Regional Medical Center designates this live activity for a maximum of 7.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

CEUs for Nursing: The New Jersey Board of Education accepts continuing medical education course recognized by the American Medical Association with 1 CME = contact hour. The Board also accepts courses completed through your employer provided with documented credit-hour certificate.

KEYNOTE SPEAKER:
Lewis R. Goldfrank, MD

Lewis R. Goldfrank, has worked at Bellevue Hospital Center and New York University Medical Center for the last 40 years. He is currently the Herbert W. Adams Professor of the Ronald O. Perelman Department of Emergency Medicine at New York University. His efforts have led to the development of NYU’s Emergency Medicine and Medical Toxicology residencies.

Dr. Goldfrank has served as the Chairman of the American Board of Emergency Medicine's subboard on Medical Toxicology, the American Board of Medical Toxicology and the Society for Academic Emergency Medicine. His investigations in preparedness include developing and leading a consortium on preparedness with the NYC Department of Health, leading the New York University School of Medicine Consortium on Preparedness and being the principal investigator for an ASPR evaluation of the NYU response to Hurricane Sandy.

Dr. Goldfrank is a member of the National Academy of Sciences and chaired numerous IOM Committees. He has had national and international leadership roles in global health, public health and preparedness for catastrophic events.
